PROFESSIONAL SUMMARY

Software Engineer with 4+ years of experience designing and developing scalable web applications across Australia and Colombia. Strong background in full-stack development using React.js, Node.js, and modern web architectures. Experienced across the full Software Development Life Cycle (SDLC), from requirements analysis and system design to deployment and optimisation. Currently focused on AI-powered applications, automation, and Next.js ecosystems.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Databases: PostgreSQL, MongoDB, Supabase

Tools & DevOps: Git, GitHub, Vercel, Docker, CI/CD

Other: REST APIs, System Design, Agile/Scrum, OOP, SOLID, Responsive Design

PROFESSIONAL EXPERIENCE

Software Engineer – Whitesoft Pty Ltd (Remote)

Aug 2021 – Oct 2022

- Designed and developed full-stack web applications using React.js, JavaScript, and Node.js.
 - Translated business requirements into scalable technical solutions and modular system components.
 - Developed and integrated RESTful APIs and backend services.
 - Improved application performance through optimisation and reusable architecture patterns.
 - Participated in system design discussions and contributed to architecture decisions.
 - Collaborated in Agile teams using Git workflows, ensuring high-quality and maintainable code.
-

Software Developer – Intevo S.A.S (formerly Qoopa) | Colombia

Mar 2020 – Jun 2021

- Analysed user requirements and developed web-based systems using JavaScript, HTML, and CSS.
 - Participated in the full SDLC including system design, development, testing, and deployment.
 - Designed and managed relational databases and optimised queries for performance.
 - Built internal tools and automation solutions to improve operational efficiency.
 - Performed debugging, troubleshooting, and system maintenance to ensure stability.
 - Collaborated with cross-functional teams to improve workflows and system performance.
-

Web Systems Developer – Prisma Coatings (Contract)

Sep 2025 – Present

- Designed and developed a high-performance, SEO-optimised company website.
 - Structured scalable service-based architecture for improved local search visibility.
 - Implemented lead generation and conversion-focused user flows.
 - Integrated analytics and tracking systems to monitor performance and user behaviour.
-

EDUCATION

Systems Engineer – Corporación Universitaria de Investigación y Desarrollo (UDI),
Colombia – 2012

Technologist in Systems Design & Management – Unidades Tecnológicas de Santander,
Colombia – 2007
